

Job Type

Full Time

Salary

\$75,000-95,000

Location

Virginia Beach, VA

**Description**

McPherson Consulting is currently initiating a search for a Mid-Level Transportation Project Manager to be involved in all aspects of our growing business. At McPherson Consulting, we are focused on creating a cohesive team that delivers projects in a collaborative environment meeting the needs of our clients. Here at McPherson, anything is within our reach and yours. Come join us and help shape the future.

Primary Responsibilities and Expectations

- Serve as a project manager on transportation planning or traffic engineering projects or task lead for multidisciplinary infrastructure projects.
- Provide technical expertise on a wide range of projects, including operational analysis, planning studies, signal designs, intersection design, maintenance of traffic, transportation planning, and safety studies.
- Provide technical oversight to junior staff.
- Develop and successfully manage relationships with internal and external clients.
- Present technical findings at citizen meetings or planning commission/city council meetings.

McPherson Benefits

McPherson provides a comprehensive suite of benefits including medical, dental, disability, life, and retirement savings focused on providing health and financial stability throughout the employee's career.

Requirements**Educational and Experience Requirements**

- Minimum education requirement is a Bachelor of Science in Civil Engineering or a related field from an ABET accredited university.
- Licensed as a Professional Engineer in VA.
- Minimum of 7 years of combined experience in transportation planning and traffic engineering.
- Project Management and Business Development experience.
- Well versed with MUTCD, HCM, HSM, and AASHTO Design guidelines.
- Must be authorized to work in the United States.

Skills Requirements

- Ability to prepare effective and concise technical documents, develop project scope and fees, and support marketing efforts.
- Must be willing to travel to interface with clients.
- Ability to make effective presentations to a variety of groups.
- Strong knowledge of Synchro, Simtraffic, VISSIM, SIDRA, ArcGIS pro, AutoCAD, MicroStation and other applicable software.
- Strong knowledge of MS Office Suite (Word, Excel, Outlook, Teams, PowerPoint, etc.).

Environment

Office with consideration of hybrid office-remote work, off-site client meetings, and municipal hearings.

About McPherson Consulting

McPherson Consulting, LLC is an employee owned, VDOT certified DBE, and SWaM firm founded on nearly 30 years of hands-on traffic and transportation project management, analysis, and delivery. Established in 2014, McPherson Consulting provides traffic engineering and transportation planning services in both the public and private sector agencies to create safer, more sustainable, and economically viable communities. Our experience encompasses a wide range of projects from large-scale regional planning and master transportation plans to detailed operations studies. Dedicated to serving local communities, we are engineers, planners, and technical experts.

McPherson Consulting is an Equal Opportunity Employer. Qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, national origin, sexual orientation, gender identity, disability, or protected veteran status. Drug-free workplace. Applicants must be legally authorized to work for McPherson Consulting without employer sponsorship. We do not sponsor H-1B or any other work visa petitions.

How to Apply

Interested applicants should send inquiries and application package by email to jnappi@mcphersonconsulting.com. Incomplete or mailed applications will not be considered.
